CITY COUNCIL MEMORANDUM

City Council Meeting: August 25, 2020
Department: Police Department
Subject: Resolution No. 20-R-95 - Consideration and/or action approving a Resolution by the City Council of the City of Schertz, Texas authorizing Agreements with the Drug Enforcement Administration. (C. Kelm/M. Hansen)

BACKGROUND

Trafficking in narcotics and dangerous drugs and trafficking in controlled substance pharmaceuticals exists in the San Antonio area to include the City of Schertz. Having our officers assigned to DEA task force units provides experienced investigative staff knowledgeable in the local area and cultures to the DEA. In return, the City has use of all the resources available from multiple Federal law enforcement agencies in local investigations. There is also a financial incentive realized in shared seized assets from our coordinated efforts in area DEA investigations.

GOAL

To renew the agreement for the two officers currently assigned to two DEA Task Force Units for Fiscal Year 2021

COMMUNITY BENEFIT

There is benefit from the immediate availability of Federal resources in local investigations. Although many of these resources would ultimately become available in time, it is far more efficient when we are able to contact Schertz investigators and immediately activate such resources. There is also a financial benefit associated with shared seized assets resulting from joint investigations.

SUMMARY OF RECOMMENDED ACTION

Staff recommends approval of the attached Resolution authorizing the Chief of Police to enter into these agreements with the Drug Enforcement Administration.

FISCAL IMPACT

There is no additional fiscal impact associated with this agreement. The positions are existing and included in the annual budget.

CITY COUNCIL MEMORANDUM

City Council Meeting: August 25, 2020
Department: Fire Department
Subject: Resolution No. 20-R-94 – Consideration and/or action approving a Resolution by the City Council of the City of Schertz, Texas, authorizing the City Manager to sign an Interlocal Agreement for Fire Protection Services with Bexar County. (C. Kelm/K. Long)

BACKGROUND

The Schertz Fire Department is charged with the responsibility of regional fire suppression, protection and prevention. The Fire Department responds to fire and emergency calls in portions of unincorporated Bexar County. This area is generally within our ETJ east of 1518 to the county line, and north of Interstate 10 to F.M. 78. This is an annual agreement between Bexar County and the City of Schertz and has no significant changes from previous years.

GOAL

Approval of Resolution 20-R-94 to authorize the City Manager to sign the Interlocal Agreement for Fire Protection Services with Bexar County.

COMMUNITY BENEFIT

Providing Fire Protection Services to these areas outside the City typically does not adversely impact our responses within the City. We would respond in that area for all types of fires with or without the agreement due to our area-wide mutual aid agreement and the areas' proximity to our city limits. By maintaining this agreement with Bexar County, we are able to receive a small subsidy for providing services in an area that would otherwise be without fire service.

SUMMARY OF RECOMMENDED ACTION

Staff recommends Council approval of Resolution 20-R-94 to authorize the City Manager to sign the Interlocal Agreement for Fire Protection Services with Bexar County.

FISCAL IMPACT

The City receives revenue from Bexar County in the amount of \$1,756.48 per month (\$21,077.76 annually) per this agreement.

RECOMMENDATION

Staff recommends Council approval of Resolution 20-R-94 to authorize the City Manager to sign the Interlocal Agreement for Fire Protection Services with Bexar County.

WHEREAS, it is of benefit to both parties and to the residents in those areas, to enter into this Agreement to efficiently provide that service to the area designated in Exhibit A; now therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SCHERTZ, TEXAS THAT:

Section 1. The City Council hereby authorizes the City Manager to enter into the Interlocal Agreement to provide fire protection service to areas within Bexar County as set forth in Exhibit A.

Section 4. This Resolution shall be construed and enforced in accordance with the laws of the State of Texas and the United States of America.

Section 5. If any provision of this Resolution or the application thereof to any person or circumstance shall be held to be invalid, the remainder of this Resolution and the application of such provision to other persons and circumstances shall nevertheless be valid, and the City Council hereby declares that this Resolution would have been enacted without such invalid provision.

Section 6. It is officially found, determined, and declared that the meeting at which this Resolution is adopted was open to the public and public notice of the time, place, and subject matter of the public business to be considered at such meeting, including this Resolution, was given, all as required by Chapter 551, Texas Government Code, as amended.

Fire Department Resolution

Adoption of National Incident Management System-Incident Command System

The CITY OF SCHERTZ Fire Department,
from the County of GUADALUPE, recognizes that the President in Homeland
Security Directive (HSPD)-5, directed the Secretary of the Department of Homeland
Security to develop and administer a National Incident Management System (NIMS).
NIMS would provide a consistent nationwide approach for Federal, State, local, and
tribal governments to work together more effectively and efficiently to prevent, prepare
for, respond to and recover from domestic incidents, regardless of cause, size or
complexity.

It is necessary and desirable that all Federal, State, local and tribal emergency agencies
and personnel coordinate their efforts to effectively and efficiently provide the highest
level of incident management.

To facilitate the most efficient and effective incident management it is critical that the
above mentioned Fire Department utilize standardized terminology, standardized
organizational structures, interoperable communications, consolidated action plans,
unified command structures, uniform personnel qualifications standards, uniform
standards of planning, training, and exercising, comprehensive resource management,
and designated incident facilities during emergencies or disasters.

The NIMS standardized procedures for managing personnel, communications, facilities
and resources will improve the local ability to utilize federal funding to enhance local
and state agency readiness, maintain first responder safety, and streamline incident
management processes.

The Incident Command System components of NIMS are already an integral part of
various incident management activities throughout the State, including current
emergency management training programs.

It is therefore, resolved, that the Officers of the above mentioned Fire Department
hereby establish and adopt the National Incident Management System (NIMS) as the
standard command and control for incident management during emergency operations
in or out of our response area.

(C. Kelm/ S. Williams)

BACKGROUND

The City of Schertz Public Works Departments completes a number of road repair projects in-house each fiscal year. Political Subdivision agrees that other political subdivisions that may have territory located partially or wholly within the boundaries of Political Subdivision, and in such case all parties sharing common territory shall enter into a Joint Election Agreement and share a joint ballot on the county's electronic voting system at the applicable polling places. In such cases, costs shall be divided among the participants.

At each polling location, joint participants shall share voting equipment and supplies to the extent possible. The participating parties shall share a mutual ballot in those precincts where jurisdictions overlap. However, in no instance shall a voter be permitted to receive a ballot containing an office or proposition stating a measure on which the voter is ineligible to vote. Multiple ballot styles shall be available in those shared polling places where jurisdictions do not overlap.

It was so wonderful talking with you yesterday - these are indeed, strange and unusual times and who knows what November will bring... but with God's grace we will be safe and sane :)

best guess - with the great unknown that we talked about yesterday - is \$3,000 to \$3,500.

It may be a little lower - if all of the May people keep their postponed elections on November. Only time will tell.

love ya - and please stay safe

CITY COUNCIL MEMORANDUM

City Council Meeting: August 25, 2020
Department: City Secretary
Subject: Ordinance No. 20-H-25 - Consideration and/or action approving an Ordinance by the City Council of the City of Schertz, Texas, amending the Code of Ordinances, Chapter 34 "Health". *Final Reading (C. Kelm/M. Bane)*

BACKGROUND

City staff were tasked with reviewing the possibility of the City accepting health and fire inspections from other Texas municipal or county health and fire inspection agencies. This would allow mobile food vendors with current health and fire permits from other Texas municipal or county inspection agencies to forgo a health and fire inspection by the City of Schertz. With this, the Mobile Food Vendors wishing to operate within the City of Schertz would only have to register with the City of Schertz, at which time they would have to provide their current health and fire inspection permits. Those that do not have current health and fire inspection permits would be subject to health and fire inspections performed by the City of Schertz.

City Council approved this on first reading at their meeting of August 11, 2020.

GOAL

To provide clearly defined guidelines for Mobile Food Vendors that wish to operate within the City of Schertz.

COMMUNITY BENEFIT

N/A

SUMMARY OF RECOMMENDED ACTION

To review, discuss and take possible action, to include the possible approval of the ordinance as written.

FISCAL IMPACT

With the City of Schertz not performing inspections for Mobile Food Vendors with current health and fire inspection permits from other Texas municipal or county inspection agencies, there will be a loss of revenue related to the fees charged for the City of Schertz performing inspections.

RECOMMENDATION

Recommend approval of Ordinance 20-H-25 on final reading.

CITY COUNCIL MEMORANDUM

City Council Meeting: August 25, 2020

Department: City Secretary

Subject: Ordinance No. 20-T-27 - Consideration and/or action approving an Ordinance by the City Council of the City of Schertz, Texas, authorizing an adjustment to the fiscal year 2019-2020 budget, repealing all Ordinances or parts of Ordinances in conflict with this Ordinance; and providing an effective date. *Final Reading* (M. Browne/B. James/J. Walters)

BACKGROUND

This budget adjustment is proposed to recognize \$165,000 in insurance payments the City received for the old platform and hire a new Emergency Management Coordinator.

The platform was hit while stopped on a call and was totaled by the insurance agency. The City received \$165,000 in insurance. These funds will be recognized and the budget increased to purchase replacement equipment to outfit the new platform for \$132,901 and increase the Fire Rescue Budget by \$32,099 to fund the 1956 Fire Engine remodel and outfitting the new blocker engine the city purchased from Converse.

Staff is proposing to approve a new Emergency Management Coordinator position to oversee the City's emergency operations center, emergency policy and procedures, and grant writing. This position can be funded from the CARES act in the current fiscal year and is proposed to be funded in the proposed FY 2020-21 budget.

The primary role of the Emergency Management Coordinator is to help the community, the city, and organizations by having a system in place for anticipated hazards and area vulnerability. In addition, the EMC is a position that wears many hats and is someone who builds relationships and networks with internal and external stakeholders during non-disaster or emergency times while playing a crucial role in compliance and coordination within the EMC job scope. This position will ensure we are ready in regards to Mitigation, Preparedness, Response, and Recovery in the event of a disaster, large scale emergency, multi-jurisdictional emergencies, as well as pandemics like COVID 19.

The emergency manager must develop relationships with other local, state, and federal emergency response agencies/organizations in order to better facilitate inter-agency operations during emergency and non-emergency periods.

The emergency manager is also responsible for raising community awareness of emergency preparedness and response by bringing in volunteers from the community to help in administrative functions or as trained, volunteer community responders. In developing community volunteer assistance, the emergency manager can effectively augment the emergency response force and relieve some of the burden from professional responders. Additionally, the standalone Emergency Manager will also allow greater opportunities to create and develop joint training exercises with regional partners, as well as developing region wide community preparedness events.

At present, the EMC responsibilities are handled by the Fire Chief which in turn causes a significant division of that position's time. With the geographic location of Schertz being in three counties, it requires the emergency manager to attend approximately 11 meetings a month in order to maintain compliance and cooperation across all three while continuing to develop and grow our regional partnerships.

Texas Department of Emergency Management Annexation review requires updates to our Emergency Operations Plan and related annexes annually. To be effective, this updating process must be a proactive, streamlined, and continually ongoing course of events that are strategically planned out during the course of the year. When this proactive process occurs, it will

greatly improve our abilities during the most difficult of time while freeing up time for department heads and EM team members to focus on their primary jobs.

The emergency manager plays an essential role in pre, during, and post organizational preparation and recovery to emergency management necessitated response. This position in cooperation with a finance department liaison ensures all emergency management requirements and needs are met for the successful coordinating of state and federal reimbursement efforts.

Examples of what this position is tasked with in order to enhance our efforts in mitigation, preparedness, response, recovery, planning, exercising, and training:

- Planning tabletop and full-scale disaster exercises as required by TDEM
- Grant writing, management, tracking, and reporting for Homeland, FEMA, and state.
- Attend all Regional Emergency Preparedness Advisory Committee (REPAC) meetings.
- Attend and participate in Emergency Management meetings for all three counties.
- Form, manage, and maintain partnerships with community stakeholders
- Form manage and maintain relationships with local, state and federal government and their respective officials
- Champion regional cooperation of all first responders

The City of Schertz hiring an Emergency Manager will help make us more resilient for future disasters and pandemics. Grant money is available from TDEM and FEMA to help offset the salary and benefits of an emergency manager in an amount up to 50% of the cost. In addition, the Emergency Manager can assist the City in finding grant opportunities that has the possibility of bringing in more money to the City than the cost of their position.

City Council approved this on first reading at their meeting of August 11, 2020.

GOAL

To approve the budget adjustment ordinance to hire the Emergency Management Coordinator and recognize the \$165,000 insurance payment from the platform.

COMMUNITY BENEFIT

The Emergency Management Coordinator will provide a higher level of awareness and expertise prepare for emergency situations and directing staff to maximize benefits during an event. The additional insurance funds will help outfit the new platform engine and help outfit the blocker engine to prevent any future accidents on active engines during a response.

SUMMARY OF RECOMMENDED ACTION

Staff recommends approval of Ordinance 20-T-27 on final reading.

FISCAL IMPACT

The Emergency Management Coordinator annaul estimated weighted cost will be estimated at \$113,000 and paid for by the CARES act funding until December 31st before it will be covered by the City's FY 2020-21 Proposed Budget.

The \$165,000 insurance payment will cover equipment purchases and outfitting of engines in the Fire Department.

RECOMMENDATION

Staff recommends approval of Ordinance 20-T-27 on final reading.

The provisions of this article are adopted under V.T.C.A., Health and Safety Code ch. 361.

(a) The regulations promulgated in this article cover all aspects of municipal solid waste management under the authority of the State and are based primarily on the stated purpose of Vernon Texas Statue and Codes, Health and Safety Code ch. 361, as amended, hereafter referred to as the Texas Solid Waste Disposal Act. The owner or operator of a municipal solid waste landfill (MSWLF) facility shall comply with any other applicable federal rules, laws, regulations or other requirements.

(b) All permits, including any special provisions therein, issued by the applicable State Department shall remain in force after the effective date of the ordinance from which this article is derived. To the extent that a standard has been changed by this article, the permittee may continue to operate under standards contained in previously issued permits, except for those requirements mandated by EPA 40 C.F.R. §§ 257 and 258, as amended, which implement certain requirements of subtitle D of the Resource Conservation and Recovery Act (RCRA). For those Federally mandated requirements, the permittee is under an obligation to apply for a change to his permit in accordance with Federal and State law, as applicable, to incorporate the required standard. Timely submission of a request for a permit change qualifies the owners or operators of existing MSWLF units for interim status. MSWLF facility owners or operators with interim status are treated as having been issued a permit modification or amendment until the

Executive Director makes a final determination on the permit modification request or the commission makes a final determination on the permit amendment request. Facility owners or operators with interim status must comply with the requirements of this article upon the effective date of this article.

(c) A permit or license shall be required for each municipal solid waste (MSW) unit, as required by applicable law, and the City Manager, at his discretion, may include one or more different types of units in a single permit if the units are located at the same facility.

(d) The following are some of the rules with which the City's Public Works Director should have a working knowledge:

(1) *30 Tex. Admin. Code ch. 281.* This chapter describes how a permit application, amendment or modification is processed and approved;

(2) *30 Tex. Admin. Code ch. 305.* The chapter details the preparation and form of permits, applications, amendments and modifications;

(3) *30 Tex. Admin. Code ch. 330.* This chapter outlines municipal solid waste management rules. This is the principle rule municipal solid waste managers utilize; and

(4) *30 Tex. Admin. Code ch. 335.* This chapter outlines rules covering management of hazardous waste, both industrial and municipal. It also outlines how industrial solid waste is handled and when it can be deposited in municipal solid waste landfills.

Executive Summary

General Fund

Revenue: General Fund revenue will increase 5.7% over FY 2019-20 year end estimates not including the transfer in from reserves. The largest contributor to this increase will be from property and sales taxes. The property taxes for FY 2019-20 are estimated to increase 4.3% and sales taxes are estimated to increase 5%.

The sales tax growth trend follows the area development growth and the potential for new businesses.

Miscellaneous Income is expected to decrease 10.1% in FY 2020-21 from the year end estimates due to an anticipated lower yield on investments. The investment income closely follows the Federal Funds Rate which is near zero which will decrease the investment income in the proposed budget year.

Expenses: The overall FY 2020-21 General Fund Operating Budget increased 5.7% from FY 2019-20 year end estimates. This increase includes \$386,000 for new positions and personnel programs for Police, Fire, and Planning & Zoning. The new personnel assignments will be based on an independent firm's staffing recommendations after review of the practices and service levels of the City.

Another notable item for the FY 2019-20 Budget is the implementation of the Classification & Compensation Study's first year recommendation. This study by a 3rd party reviews market wages and makes recommendations for compensation adjustments for City staff. The first year recommended adjustment was effective on July 4th, 2020. The study also recommended annual Employment Cost Index (ECI) adjustments. The budget includes \$211,000 for a 1% ECI for all employees effective October 1st.

This budget also proposes \$400,000 for a Comprehensive Land Use Plan and Unified Development Code update. These documents help the City plan for its continued growth.

The Facilities Maintenance Budget will also increase by \$55,000 for annual maintenance to help address the regular building maintenance required for the City facilities.

The City will also pull \$500,000 from its fund balance for additional capital projects. \$200,000 for streets, \$150,000 for parks and trails, \$100,000 for drainage, and \$50,000 for sidewalk improvements.

City Council

The Proposed FY 2019-20 Budget increases 7.8% from the FY 2018-19 year end estimates. The costs of the November 2020 election have been received from the counties and show an increase in cost under City Support Services. New tablets, phones, and monitors will be purchased in FY 2019-20 for councilmembers.

DEPARTMENT: 173 ENGINEERING

FUND: 101 GENERAL FUND

DEPARTMENT DESCRIPTION

The Engineering Department serves as technical advisor to the City Manager, City Council, Executive Staff, and other City departments. Engineering collaborates with Public Works, Planning and Community Development, Economic Development, Parks and Recreation, and other departments, citizens, developers, and other governmental agencies in order to effectively plan and implement infrastructure improvement and development for the organized growth of the City. Engineering is responsible for the development and implementation of the City's Capital Improvement Programs for water, wastewater, streets, and drainage. That responsibility includes the development and maintenance of infrastructure master plans; the prioritization of projects; the identification and procurement of project funding; and the management of the design and construction of necessary infrastructure.

The Engineering Department reviews applications for public and private land development for conformance with adopted engineering standards, policies, codes, and infrastructure master plans. Engineering Inspectors ensure that the construction of public infrastructure – both privately and publicly constructed – follows appropriate standards and specifications. Ensuring compliance promotes a safe community in which the essential services of the provision of water, wastewater, transportation, and drainage are available and arranged for fiscal sustainability.

The Engineering Department maintains standard construction details, technical specifications, and design guidelines.

The Transportation Safety Advisory Commission (TSAC) is staffed by the Engineering Department. The TSAC is a Commission that hears citizen input, considers transportation issues, and makes recommendations to City Council regarding traffic and transportation related matters throughout the City.

INFORMATION TECHNOLOGY

PROGRAM JUSTIFICATION AND ANALYSIS

The Information Technology FY 2020-21 Budget increases 14.4% from the FY 2019-20 year end estimates. Primary costs changes include increases in annual software support costs, plus the addition of annual costs for new services such as ADP, the new text archiving service, services added to allow work-from-home options for staff, etc. Due to COVID-19, equipment purchases and regular desktop replacements in Operating Equipment did not happen and will be increased in FY 2020-21. In addition, all cell phone expenses are now consolidated into the IT budget and removed from various departments except for charges related to enterprise funds in order to improve transparency. Cost reductions implemented for FY 2020-21 include decreases in training, hardware purchases, consulting and maintenance expenses.

Performance statistics reflect reduced productivity due to open positions and the sudden shift of priorities in March as the City began to deal with the COVID 19 pandemic. These shifts in priorities also added to the department's overtime for the FY. These costs are expected to improve as the department's open positions are filled and the City adjusts to changes in operations as a result of the pandemic.

FUND: 202 WATER & SEWER

DESCRIPTION

The Water & Sewer Fund tracks revenue and expenses for the City's water, sewer, and solid waste functions and is managed by the Public Works Department. Staff is responsible for the planning, operation, and maintenance of the "retail" water and wastewater service and infrastructure. This includes the water distribution system, wastewater collection system, and utility billing office. The City's "wholesaler" for water production and transport is the Schertz-Seguin Local Government Corporation. Wastewater treatment is handled by the Cibolo Creek Municipal Authority. Garbage collection is handled by Bexar Waste.

FUND: 411 CAPITAL RECOVERY FUND

WATER

(Water & Sewer)

DESCRIPTION

The Capital Recovery program is designated to support future growth of population and commercial water and wastewater demands without an impact on existing customers while keeping bond supported programs to a minimum. Capital Recovery projects are based on the number of connections sold to increase pumping, storage and transmission water lines, and wastewater programs. Impact funds (Capital Recovery) must be used within ten years of collection date. All water and wastewater improvements are constructed to meet State Board of Insurance and Texas Commission on Environmental Quality rules and regulations. The Sewer Capital Recovery portion was moved to its own fund in FY 2013-14.

GOALS AND OBJECTIVES

- Ensure the Texas Commission of Environmental Quality (TCEQ) rules and regulations are met for future growth.
 - Continue to improve and provide an efficient and reliable water and wastewater system that meets all of the State rules and regulations and future growth in the community.
 - Provide citizens with quality projects completed on-time and on-budget.
 - Design a 3 million gallon ground storage and booster station
 - State law mandates that the Water/Wastewater Capital Recovery plan be updated at least every five years. The last study was 2011.

FUND: 421 CAPITAL RECOVERY FUND

SEWER

(Water & Sewer)

DESCRIPTION

The Capital Recovery program is designated to support future growth of population and commercial water and wastewater demands without an impact on existing customers while keeping bond supported programs to a minimum. Capital Recovery projects are based on the number of connections sold to increase pumping, storage and transmission water lines, and wastewater programs. Impact funds (Capital Recovery) must be used within ten years of collection date. All water and wastewater improvements are constructed to meet State Board of Insurance and Texas Commission on Environmental Quality rules and regulations. Wastewater Capital Recovery was moved to its own fund in FY 2013-14

GOALS AND OBJECTIVES

- Ensure the Texas Commission of Environmental Quality (TCEQ) rules and regulations are met for future growth.
 - Continue to improve and provide an efficient and reliable water and wastewater system that meets all of the State rules and regulations and future growth in the community.
 - Preliminary engineering and land acquisition for a waste water treatment plant for South Schertz. Initiate plans for the Southeast Quad Pump Station and the Ground Storage and Distribution Main for South Schertz. State law mandates that the Water/Wastewater Capital Recovery Plan be updated at least every five years. Last study was in 2011. Currently the Sedona WWTP serves the Crossvine Subdivision area but will be eliminated when the new CCMA WWTP comes on line. A sewer line and lift-station will be needed to accomplish this project.
 - Initiate and institute a study to implement reuse water throughout the City.
 - Provide citizens with quality projects completed on-time and on-budget.

FUND: 203 EMERGENCY MEDICAL SERVICES (EMS)

DEPARTMENTAL DESCRIPTION

Schertz Emergency Medical Services responds to 911 requests for ambulance service across a 220 square mile service area that includes the municipalities of Schertz, Cibolo, Live Oak, Marion, Santa Clara, Selma, Universal City, western Guadalupe County, Comal County Emergency Services District (ESD) #6 (about 25% of Comal County including the City of Garden Ridge); and a small portion of unincorporated Bexar County. We also work with individual at-risk patients to insure they have the best access to primary healthcare and that their medical needs are being met before an emergency occurs. We educate our employees by providing over fifty hours of Continuing Education annually and over thirty hours for our first responders. We provide ambulance demonstrations and stand-by event coverage to further the knowledge of Emergency Medical Services and injury/illness prevention and preparedness.

GOALS AND OBJECTIVES

- Provide efficient pre-hospital healthcare services to the communities that we serve.
 - Integrate the care that we provide with the rest of the healthcare system to reduce demand for 911 services while elevating access to care and appropriate destination management for the citizens we serve.
 - Provide appropriate and timely education and training to our employees and our first responders to ensure the best and most current standard of care is provided.
 - Provide high quality pre-hospital training and community education for the communities we serve and the region as a whole.
 - Provide education and assistance to the community to prevent and prepare them for medical emergencies through community education, demonstrations, immunizations, and CPR and Automatic External Defibrillator training programs.
 - Be the preferred employer for pre-hospital healthcare providers in the State of Texas
-

EMERGENCY MEDICAL SERVICES (EMS)

- Be thoroughly prepared for man-made and natural disasters in our jurisdiction, region, and statewide.
- Meet the needs of our customers and to solidify relationships and agreements with all eight cities, three counties and one Emergency Services District for which we provide service.

PROGRAM JUSTIFICATION AND ANALYSIS

Revenue: Revenues for FY 2020-21 are expected to increase 4.7% from FY 2019-20 year end estimates for additional transports and an increase on the inter-jurisdictional contracts.

Expenses: The FY 2020-21 Budget will increase 3.8% from the FY 2019-20 year end estimate. Additional personnel expenditures for new staff are offset by additional revenue brought in by the calls those staff will be on.

PROGRAM JUSTIFICATION AND ANALYSIS

Revenues: The SEDC receives one-half of one percent of all sales and use tax generated within the City of Schertz. The revenue for FY 2020-21 is projected to increase by 0.3% from the FY 2019-20 year-end estimate. The increase reflects a 5% increase in sales tax revenue which is offset by lower investment returns. The SEDC will also transfer \$3,496,428 from its reserves for performance agreement payments expected in FY 2020-21.

Expenses: The SEDC funds are restricted to those expenses authorized by the Texas Local Government Code sections 501 and 505. The expenses for FY 2020-21 are projected to increase by 19% for additional personnel costs, grant awards and software purchases.

Project Expenses: Each year, the SEDC allocates funding equal to the estimated annual disbursement of each approved SEDC project. For Proposed Budget, the SEDC has allocated funds associated with the Ace Mart Restaurant Supply Co., Schertz 312 Phase 2, and CineStarz,LLC (formerly WR1 LLC) performance agreements. The SEDC has also allocated \$4,050,000 for Main Street infrastructure improvements that was authorized by SEDC Resolution 2019-7.

CITY COUNCIL MEMORANDUM

City Council Meeting: August 25, 2020

Department: City Secretary

Subject: Public Hearing on the Proposed Tax Rate - Conduct a public hearing regarding the adoption of the FY 2020-21 Tax Rate. *(First required public hearing)* (M. Browne/B. James/J. Walters)

BACKGROUND

At the August 11, 2020, regular session the City Council, by record vote, established a proposed preliminary maximum tax rate of \$0.5146, per \$100 of value, with the M&O rate at \$0.3495 and the I&S portion of \$0.1651. The proposed rate is not higher than the voter-approval rate and does not have to be on the upcoming November ballot.

In accordance with Chapter 26.05(d) of the State's Property Tax Code, a governing body must hold a public hearing on the tax rate if the proposed tax rate exceeds the lower of the no-new-revenue tax rate or the voter-approval tax rate. In this case a hearing is required as the proposed rate exceeds the lower no-new-revenue rate of \$0.5079.

The first public hearing is tonight, August 25, 2020. A second public hearing will be conducted at the September 1, 2020 regular session. During the final tax rate adoption process Council can approve a lower rate at that time, however they will not be able to approve a rate higher than this without republishing the notices and holding an additional public hearing. Due to timing constraints set by the State Tax Code 26.05(a), the latest council could set a new preliminary rate is September 8, 2020 without calling special meetings or declaring an emergency reading of the tax rate ordinance.

Property Tax Rate	\$0.5146/100	\$0.5146/100
Maintenance & Operations Rate	\$0.3495/100	\$0.3496/100
No-New-Revenue Rate	\$0.5079/100	\$0.5057/100
